Dear Janice:

I just wanted to write you and your staff a brief note of congratulations on SLA's 100th anniversary. It's wonderful to see SLA celebrating its rich history in style.

I commend your Centennial Commission for creating multiple opportunities for your members to celebrate SLA and the specialized information profession. It looks like there are some tremendous resources available on the Centennial website as well.

Best wishes on a great Centennial Conference in Washington, DC next month and thank you for continuing to exemplify what associations are all about.

Warm regards,

John H. Graham IV, CAE
