

NSO

Beta, but Better!

The NSO's New Staff Publications

*Ruth Kneale, Systems Librarian
National Solar Observatory
rkneale@nso.edu*

Historical Perspective

Ain't nuthin' but a text thing

NSO Publications, 1985-1999
Sorted Alphabetically by Author

- Abdelatif, T.E. 1985, Ubral Oscillations as a Probe of Sunspot Structure. PhD Thesis (University of Rochester)
- Abdelatif, T.E., Lites, B.W., and Thomas, J.H. 1984, in Small-Scale Dynamical Processes in Quiet Stellar Atmospheres: Workshop Proceedings, Sunspot, New Mexico, 25-29 Jul. 1983. S.L. Keil, ed., 141-147: Oscillations in a Sunspot and the Surrounding Photosphere
- Abdelatif, T.E., Lites, B.W., and Thomas, J.H. 1986, *Astrophys. J.* 311, 1015-1024: The Interaction of Solar P-Modes with a Sunspot. I. Observations
- Abrams, D., and Kumar, P. 1996, *Astrophys. J.* 472, 882-890: Asymmetries of Solar p-Mode Line Profiles
- Abrams, M.C., Davis, S.P., Rao, M.L., and Engleman, R. 1990, *Astrophys. J.* 363, 326-330: Highly Excited Rotational States of the Meinel System of OH
- Abrams, M.C., Davis, S.P., Rao, M.L., Engleman, R., and Brault, J.W. 1994, *Astrophys. J. Suppl. Ser.* 93, 351-395: High-Resolution Fourier Transform Spectroscopy of the Meinel System of OH
- Acton, D.S. 1989, in High Spatial Resolution Solar Observations: Proceedings of the Tenth Sacramento Peak Summer Symposium, Sunspot, New Mexico, 22-26 August, 1988. O. Von der Luhe, ed., 71-86: Results from the Lockheed Solar Adaptive Optics System
- Acton, D.S. 1990, Real-Time Solar Imaging with a 19-Segment Active Mirror System: a Study of the Standard Atmospheric Turbulence Model. PhD Thesis (Texas Tech University).
- Acton, D.S. 1994, in Real-Time and Post-Facto Solar Image Correction. Proceedings of the 13th Sacramento Peak Summer Workshop, Sunspot New Mexico, 15-18 September, 1992. R.R. Radick, ed., 1-5: Status of the Lockheed 19-Segment Solar Adaptive Optics System
- Acton, D.S., and Dunn, R.B. 1993, in SPIE 1920, Active and Adaptive Optical Components and Systems II: Albuquerque NM, 31 January-- 4 February 1993. M.A. Ealey, ed., 348-352: Solar Imaging at National Solar Observatory Using a Segmented Adaptive Optics System

Here you can find publications for NSO staff, REU and RET participants, graduate students, and non-REU undergraduates, as well as papers resulting from the use of NSO facilities. Publications are listed alphabetically by first author, and linked when possible. [Do you have a publication to submit?](#)

If you are looking for Observatory Reports, they are elsewhere.

Submitted by jcornett on Tue, 01/08/2013 - 08:29

The National Solar Observatory is operated by the [Association of Universities for Research in Astronomy](#) under a cooperative agreement with the [National Science Foundation](#), for the benefit of the astronomical community.

Add a Publication

Make the authors work

New Publication

This form is to add information about a publication, proceeding or presentation to the NSO Publications Pages.

Type of Publication: *

- Refereed Paper
- Conference Proceeding
- Non-Refereed Paper

Facility Used:

- ATST
- DST
- ESF
- McMath-Pierce
- NISP
- Non-NSO Facility, Theoretical, or Review

Please indicate which facility this publication relates to. For example, is it about ATST, or about data taken at the McMath-Pierce, or using an instrument on the DST?

Staff selection:

- NSO Staff
- REU, RET, SRA, IRES or other student
- Visitor
- Air Force

Please choose whether you are a visitor, staff, student, or Air Force.

Title: *

The title of your paper. For example, "The Solar Cycle."

Author(s): *

Last name, first name format, please. If there are many authors, use an ellipsis (...) to separate the first author from any subsequent NSO authors. For example, "Javaraiah, J., Rozelot, J. P., and Bertello, L.", or "Schou, J. ...Elmore, D. F. ..."

Year:

Fiscal year of publication? (Or expected publication, for items in press.) Please note, the fiscal year goes from October through September.

Journal:

Where was the paper published, or the presentation given? For example, "A&A" or "SPIE"

Volume:

Journal or proceedings volume number, if known. For example, "8446" or "246 Issue 2"

Page(s):

Starting page in journal, or inclusive pages, if known. For example, "L36" or "219-227".

Link?

If you have a link to the paper, please include it here. ADS links are preferred, but links to publisher sites, arXiv, or astro-ph are also welcome.

Submitter's Email: *

Please enter your email so we may contact you if we have questions about your publication submission.
